The Columbus Wagon Road Again.

In a talk with some of the gentlemen who have interested themselves in the opening of the Columbus wagon road we learned yesterday that the estimates for completing that undertaking were short at least six thousand dollars—or, rather that an additional six thousand dollars immediately subscribed would ensure the completion of the road within the next fifty days. The fact is that the workers at both ends of the contemplated road have but just got to the serious part of their labors—that of grading the mountain which lies between the Nine Mile House and Whisky Flat. It is upon that grading that the money will need to be spent—there is the expensive part of the road. The length of this mountain grading is some nine miles. If this estimate of the probable cost is correct (and a competent judge of such work has lately come from an inspection of the line of survey, and such is his figuring) the entire cost of the work will be ten thousand dollars. Of this amount four thousand five hundred dollars have already been subscribed. Fifty-five hundred—or, to be safe, six thousand dollars will make the success of the project a certainty. We understand that a gentleman who lives near the Bonax mines has agreed to furnish two thousand of the needed six thousand dollars. That leaves four thousand more to be raised in Carson. Put these millions of war when M. Leod can draw against them and he will put on force enough and use powder enough to put the work right straight through. Won't our people, the Railroad Company included, come up promptly with the needed coin? We honestly believe it will prove the best investment that can be made for the town. We understand that Mr. John G. Fox who is the President of the Company will start for the scene of operations tomorrow. If so, we shall know further about this important matter when he returns.

We have never seen any show so lavishly and magnificently billed as the New York and New Orleans circus and menagerie. It ought to succeed if a compliance with the terms of success will accomplish the ends for which all circuses and "caravans" are organized. This great show is now in Salt Lake City. While there the lions and hyenas will not be fed on little stray Mormons, malicious rumor to the contrary notwithstanding. We don't mean to convey the idea, in saying this, that they will be fed on Gentile children. The managers of this great show have abandoned the old and needless extravagance of pandering to the appetites of those voracious animals. This is one of the triumphs of modern science. They say the clown is just immense—I immensely funny we mean. We heard a young man remark yesterday that one of the animals was a Snodgester. We think we have never seen the real, live, Simon Pure Snodgester, and we doubt if our Carson friends have been so privileged. We advise all good boys who have any dimes or quarters to save them for a sight at that noble animal.

If there is not too much of a diversion in favor of skating and sleighing parties; and the ground is not frozen too hard to admit of the digging of the strawberries; and if the temperature is not too low for cut door navigation; and if all the life and hope and enthusiasm of the world is not entirely frozen out of it, we expect that there will be a good attendance at the Episcopal Festival tomorrow night; but if the lead which Boreas and his fellow Arctic explorers struck yesterday should happen to extend over for forty-eight hours there won't be anything left to be festive about—the whole population of the Great Basin will be shriveled past all appetite for music, all desire for dancing and all hope for anything but the cold comforts of the polar regions and the frigid hopelessness of an ice bound despair. The tickets are only 50 cents apiece and admit one person and no more, at Moore & Parker's Hall on Friday evening May 30, icicles thrown in.

THE INSANE WOMAN, of Sheriff Swift's energetic search for whom we made mention in yesterday's APPEAL, was taken into custody by him and put in jail. Her name is Drigman, and she has lately been living at Lone Pine or somewhere in that part of the world and has been afflicted with certain domestic troubles which brought on this insanity. She is quite mad; refuses nourishment; and sees angels and demons and thinks there is a constant conspiracy against her life. The Sheriff telegraphed to her relatives in Virginia yesterday afternoon, and we understand that her father came down on the evening train to see her. We are told that she has three or four young children. The case would seem to be a very distressing one.

Just by way of keeping tally on this infernal weather we will note the fact that we had a snow storm of an hour's duration yesterday and that the air was as cold, apparently, as it commonly is in December during a storm. We also note as an omen of some kind of a change, either for better or worse, the appearance of a new moon—over our left shoulder—last evening.

DECORATION DAY.—We have been requested to state to all members of the Grand Army of the Republic, of whatsoever Post or D. postment, and to all soldiers and sailors who did service for the preservation of the Union in the late rebellion, that half fare tickets have been procured for such as desire to attend the ceremonies of Decoration Day at Virginia tomorrow, and it is suggested that all such meet at the office of the J. C. of the Peace in the Court House at 5 o'clock A. M., to proceed thence to decorate the grave of Lieut. Haynie, and return in time to take the 8 A. M. train for Virginia. Tickets are good for the 4 or 9 o'clock train to return in the evening.

THE MINT.—Gold and silver bullion received, at the Carson City Mint, yesterday, was 10,033 ounces, 2,168 ounces of which, was silver bullion sent in from Buton for coinage, and 63 ounces of gold bullion from Pine Grove District, to be turned into gold coin. The balance, 7,867 ounces, came from the Comstock lode to be melted, and assayed. By 10:45 train going East last night, the cashier of the mint, shipped 13 bars of unparted gold and silver, worth together the sum of \$40,000, going direct to London, England to the credit of the Crown Point Mine, Gold Hill, Nevada.

We regretfully make the announcement that, for reasons best known to themselves, the Board of Pardons declined, yesterday, to interpose their clemency in behalf of Mr. Robey and he will have to serve out his term. We can merely reiterate our regrets that such is the rather hard decision of the Board and extend our sympathies to him and his family. He has about nine months longer to remain in his present quarters.

SOME extended repairs have been lately made upon the internal arrangements of the St. Charles Hotel which we shall notice in detail whenever we can find Tuffy at home and ready to be interviewed.

JUDGE WICKERELL'S COURT.—Yesterday a subject of the Flowery Kingdom by the name of Sam Lee, proprietor of a wash house, was arrested on charge of grand larceny, having feloniously taken and carried away a large amount of valuable clothing, the property of a gentleman of this city. Not being in the humor for an examination at the time of arrest, he gave bonds in the sum of two hundred dollars for his appearance at Court this morning at 10 o'clock for examination.
